1	Riga Textile Factory A textile factory called "8th of March" s loc of Riga. Poor quality suit material is product western parts of Russia by road. All the mach German manufacture. The factory is run on ele downs occur very frequently. The factory empl 400 are Latvians and 200 PWs. Work is carried	ed and delivered to the inery is new and of actric power and break- oys 600 workers, of whom
2	A factory which has no name but belongs to the Stalin Works is located in Leningrad and produces wireless transmitting tubes and electric bulbs. The factory is described as very modern and was engaged in munitions work during the war. Machines are new and of German manufacture. Some Austrian machines were installed in 1946. Perts of the factory run on electric power. It has four chimney stacks. Factory gates are heavily guarded and the grounds are patrolled by uniformed police. The loading of finished articles onto railway trucks and barges is done openly and without guards. Three thousand to five housand workers are employed, all Russians, and only very few PWs are used. Night shifts are used and the workers are housed in barracks nearby.	
3	The hatgethen Munitions Factory is working at shifts and employing approximately 800 hands. Rifle ammunition is being produced.	full pressure in three mainly German women. 50X1-HUM
